PREPARATIONS FOR
HAWAII'S BIG DAY

The Executive Building Being Ar-
ranged for the Inauguration
and Ball.

Preparations go on apace for the cere-
monies of Admission Day, June 14. For
some days a force of men has been at
work erecting the platforms or lanais at
the front of the Executive building,
where the ceremonies of inauguration
will take place. There is to be a central
platform erected upon the steps of the
building. Here the Governor and the
new officers and their ladies will be seated
during the ceremonies. On the adjoin-
ing wings of the platform the Army and
Navy representatives, the members of
the Consular colony and of the judicial
and legislative branches of the Govern-
ment will be given place.
From the platform Governor Dole will
deliver his inaugural address and from
the great hall of the Executive building
the inaugural ball will be given. The
ball will also be marked use of as a dan-
cing floor for the inaugural ball.
After the parade and the inauguration
ceremonies there will be a reception in
the great hall of the Executive building.
This will last until noon. The rest of
the day will be devoted to private cele-
brations and in the evening the inaugu-
ral ball will take place.
The Admission Day ball committee has
been working hard at getting out the in-
vitations for the ball. To this function
all the members of the diplomatic corps,
the resident officers of the Army and
Navy, the Government officials and hun-
dreds of prominent citizens will be in-
vited. Colonel J. W. Jones, who has
had charge of this work, says that the in-
vitations will be distributed this week. The
invitation is very neatly prepared and is
as follows:
"The Minister of Foreign Affairs in-
vites to be present at the
Ceremonies upon the occasion of the In-
auguration of the First Governor of the
Territory of Hawaii, United States of
America, at the Executive Building, at 10
o'clock Thursday morning, June 14th,
1900." (R. & V. P.)
The ball program will be very hand-
some and will prove a souvenir of the
occasion well worthy of preservation. The
cover will be adorned with the American
and Hawaiian flags, beautifully engraved
in colors, and the dance card will be
printed within on a separate sheet. Sup-
per will be served in a pavilion of canvas
erected in the grounds adjoining the Ex-
ecutive building, and a covered way will
lead to it. In every way it is anticipated
that the ball will be one of the finest af-
fairs of the kind that has ever been given
in Hawaii.

Special Session Probable.

Governor Dole will in all probability
call a special session of the Legislature
immediately upon assuming the Guber-
natorial office. For some days the Presi-
dent has been considering the matter.
A number of important subjects for legi-
slation are pressing. The Territorial
Act states "that the Governor may, in
his discretion, on thirty days' notice,
order a special election before the gen-
eral election, if, in his opinion, the pub-
lic interest shall require a special ses-
sion of the Legislature."
If the Governor issued a call for an
election on June 14, the day of his in-
auguration, the election might be held
on July 14, and the Legislature could
convene at once. There has been dis-
cussion of the necessity of calling such
an election, and the expense entailed
has been urged against it. The election
must be preceded by registration, and
the machinery of the ballot comes high.

K. Isoshima,

KING STREET
ABOVE BETHEL.

WE HAVE JUST RECEIVED a large shipment of these lights. These
lamps burn in such a manner that the combustion is almost perfect, and for
this reason the light is magnificently brilliant, smokeless and odorless. The
lamps are absolutely safe, it being simply impossible to explode.
If you are tired of the bother of ordinary lamps, if you wish to rid your-
self of their care, the above will appeal to you very strongly. When couple
with economy, the appeal is irresistible.

The Angle Lamp accomplishes perfect illumination. It presents an oppor-
tunity of securing light which is easily operated, and more brilliant than gas
or electricity, with no more heat, at a mere fraction of their cost. It provides
a lamp for homes, stores, offices, factories, halls, libraries, hotels and churches
that is ideal in every way.

The public is cordially invited to call and inspect these lamps.

No. 60.

Moire Ribbons.

In Black and White we have all the widths from No. 2 to No. 60,
and in Colors we have nearly all the most desirable colors and widths.

Fancy Ribbons.

In these our stock is not as complete as could be wished, but many
very desirable pieces may be found, and at prices that will make them
still more desirable.

This is an opportunity not to be neglected to secure an article of
every-day use, at such prices as we are offering them.
In anticipation of a large sale of these Ribbons, we would sug-
gest to intending purchasers an early call, before the lines are broken,
and the colors and widths sold.
